## EC-Norm for the safeguarding of toys

Dear customer!

The legislator provides that toys have to meet the EC-norm and have to be marked with the symbol "CE". Our articles are mainly handicraft materials (basic raw materials) which have not to be marked and often do not meet the strict regulations. (e.g. danger by swallowing smaller items like wooden pearls etc.)

Please draw the parents' and educators' attention to this problem. Small children less than 36 months should, in principle, should not be given products which have not been examined nor marked, or products derived from these products. Other children less than 14 years should do handicraft work under supervision and with all usual precautionary measures. (knife, fork, scissors, light...).

We wish you a few pleasant hours when doing handicraft work and a lot of pleasure with your self-made creations.

Please refer to our latest price list for the current terms & conditions.

Please note: The number in brackets is the minimum order quantity. Please only order in multiples of e.g. (6) = 6, 12, 18 etc.

### CANVAS – design your favourite piece of textile!

The individual design & decoration of textiles and fashion accessories have been a long-running DIY-classics for many years. Rayher is now giving this topic a fresh boost!

New, trendy items and fashionable accessories in a modern look convey the current spirit of the times to the classic DIY topic!

Nowadays, purses and bags are no longer only used for weekly shopping, and even home textiles have long since become much more than "just" comfortable pillows and blankets: textiles show the personality of their owner through individual styles while making a statement as well.

But Rayher is meeting this trend even more concretely: **the pure customisation is paramount!**

The high-quality carrier materials, from bags & purses to pillow cases and cases, can be designed from the ground up completely individually and freely – there are no limits to creativity. In just a few simple steps, a new favourite piece is created whose statement is guaranteed to stand out from the crowd!

The focus on the topics "Bags, purses and cases", "Home decoration" and "Textile items for children" is clearly concentrated on the idea of "More turnover per square metre through products & topics with constant sales potential".

Grey textile articles are also new in the range: as a subtle and natural colour shade that can be combined in a whole host of ways, "grey" is currently the must-have colour and thus guarantees a reliable and effective sale.

New iron-on motifs in trendy colours – exclusively by Rayher – can be ironed quickly & safely and give to every textile item, together with matching textile stamps, a special charme.

Pompoms, tassels and the like round off the overall picture with cheerfully coloured highlights and can be used both as fashionable bag charms and as atmospheric home decoration.

The canvas fabric cuttings, in the popular colours white and grey, can be processed by means of a sewing machine and with a little know-how in the area of home textiles and fashionable accessories.

Beside these additional possibilities, Rayher's range offers innumerable other creative possibilities for the design of canvas items:

- Exclusive templates and stamps
- Exclusive iron-on motifs & foils for individual cuttings
- Punching motifs
- Textile, batik and washing machine dyes
- Effect-marker
- Patches, diamond-shaped wooden beads, wobbly eyes, beads
- and much more...

Customisation is in vogue – textile items are trendy – canvas is all the rage!  
Rayher's new canvas range fulfills absolutely customers' expectations.

### Batik hand-dyeing paint

- Coloured powder for dyeing without boiling (at approx. 40 - 50°C)
- Light-fast, brilliant and strong colour shades
- Perfect for dyeing white fabrics such as silk, linen, cotton or untreated cotton cloth
- The dyeing result depends on the concentration of the dye bath, the duration of dyeing, the type and the quantity of fabric
- 10 g are sufficient for approx. 125 - 250 g of fabric
- Dyed fabrics are washable at 30°C
- The colour-fixer (item no. 35 020 000) improves the wash resistance and colour brilliance

**35 020 000 (6)**  
**Fixing agent f.batik hand-dyed colour**  
in glass jars, tab-bag 25ml

- To improve the wash resistance up to 30°C

### Washing machine paint

- Textile dye for dyeing in the washing machine
- For light natural fibres such as cotton, linen, flax, viscose, jute and blended fabrics with a synthetic content of up to 50%
- Particularly brilliant, highly lightfast colour results
- For a boil-proof dyeing (washable up to 95°C) of approx. 500 g natural fibre
- Please note: 50 g of colour-fixer (item no. 35 022 000) is required for each dyeing

**35 022 000 (4)**  
**Colour fixer for washing machine paint**  
 for 500 g of fabric, tab-bag 50g

- It guarantees the washing resistance of the washing machine paint
- Please note: for each dyeing with 25 g of washing machine paint (item no. 35 021...), 50 g of colour-fixer is required

- High-quality, self-adhesive screen printing stencil
- Very fine, soft tissues for delicate motifs
- Adheres to many substrates: fabric, wood, canvas frame, paper, cement, terracotta...
- We recommend for the printing the Rayher's screen printing stenciling-paint
- Each stencil contains a scraper

## Red-hot!

Wood conveys warmth and radiates peace through its rustic look. The desire for a **rural ambience** also attracts some classics: the **pyrography**. Combined with **many new ideas**, this traditional hobby is once again becoming a **cool trend topic** for the whole family. And naturally with **Rayher's success guarantee**.

**A variety of motif-sets** and attachments offer support in the field of the pyrography: beautiful designs and motifs on topics such as kitchen, wedding and the like can be practically traced with carbon paper and then burnt-in.

A huge selection of proven but also **new, trendy wooden items** is waiting to receive unique wood burning drawings. But there's more: **coloured glazes** give the rustic unique pieces a coloured coating that does not cover up the natural wood look.

Thus, **"hot" creative projects** become highlights with a craze factor!

The new wood burning pen of Rayher is now available in a practical, customisable wooden box. This also includes a wooden board for first testing projects.

**Handy - practical - Rayher!**

The Rayher formula with success guarantee: **Wooden item + wood burning pen + transfer paper with painting patterns + glaze = HOT!**

The universal transfer paper is ideal for effortlessly transferring templates to various substrates, e.g. wood, leather, canvas or fabric (not washable).  
The black carbon paper produces clear & sharp contours and can be used several times.

The sets contain many different painting templates on the respective topic, especially for the application with the branding burning pen on wood.  
All motifs can be individually combined, reduced or enlarged, adapted to the substrate and used as often as desired.

The universal transfer paper is perfectly suited to transfer templates easily & safely to various substrates, e.g. wood, leather, canvas or fabric (not washable).  
The black carbon paper produces clear & sharp contours and can be used several times.

- Special paper for printing with laser/inkjet printers
- Easy transfer of motifs with the transfer medium without unpleasant rubbing off on different surfaces
- **Particular advantage:** the paper backing can be easily and residue-free removed after drying

## Pin & Peg – Decorative organisation and storage!

Tidy home, tidy mind. In combination with the new Pin & Peg organisation system, everyday favourites can be put together and stored practically, clearly and above all creatively and stylishly.

Pin & Peg offers each generation new source of creativity: the boards in decorative hole-shaped pattern design can be integrated anywhere in the home. Thus the baskets create enough space for make-up goodies in the living room or the corridor, while pots hanging from the walls embody the herb garden in the kitchen. Especially the simple & flexible handling of the boards and their additions, it creates creative scope to implement skilfully your own requirements in the domain of boards.

All elements of Pin & Peg are colour-coordinated with a trendy black, gold and wood look. The sturdy MDF material of the boards also loves to play with glaze, paint, stencil and many other handicraft basics. And even as XXL-mural artwork composed of several boards, it looks amazing.

With so much sense of order, nothing should be lost from now on!

## Your story – now also for the summer!

The most beautiful scenes in a box – this trend cries out for standard products such as paint and the like. While snow-pens and deer immerse the winter frames into a hyggelige atmosphere, **the llamas, toucans and the like**, as well as bright **Chalky Finish colours**, bring the **summer to life**. Now it's getting beastly colourful!

The boxes, designed exclusively by Rayher, feature trendy motifs and can be designed even more individually thanks to our latest developments: The advanced building kits have **removable back panels** and thus provide as stand-up display the necessary insight – even in the over-dimensional **XXL version**. Empty 3D boxes give **rise for original combinations** that are ready for their intended use.

## With Boho-Chic to the perfect finish!

Boho stands for colour & attention to detail. The delicate and yet opulent look is enriched by strong colours – tone-in-tone. Gold-metal accents are just as important as the crescent moon carried out by the designer. Here unusual pieces of jewellery provide perfectly shaped highlights and emphasize this particular style. Showy hoop earrings with colourful tassels, long layered earrings, subtle necklaces with effective statement pendants – the pool of ideas is vast and the right piece of jewellery for every woman is guaranteed. Especially when it's self-made and so absolutely individually tuned. An easy DIY project with a big impact!

## ENVIRONMENTALLY FRIENDLY PRODUCTION

### FSC®

The paper used for the Rayher catalogue is produced in compliance with the international FSC standard. The pulp is partly manufactured from certified, exemplary cultivated forests. Careful forestry practice also ensures, among other things, that biological diversity and ecological processes are not disturbed when wood products are removed from the forest.

### CO<sub>2</sub>- Compensation

Producing the Rayher catalogue all CO<sub>2</sub> emissions produced in the course of printing and processing are determined. By making an equal investment in a climate project according to the Gold Standard, the corresponding CO<sub>2</sub> emissions will be saved in the future and the Rayher catalogue will be CO<sub>2</sub> compensated this way.

Please note that in a few cases, some colours shown in our catalogue may differ from the original ones due to printing reasons.
